## SUMMARY

Accomplished Mobile and Full-Stack Developer with 5+ years of experience, specializing in Unity, Laravel, Vue.js, PHP, Node.js, React, and blockchain integration. Proven expertise in designing and delivering user-focused applications, scalable web platforms, and high-performance games across industries like gaming, logistics, and e-commerce. Skilled in MySQL, MongoDB, RESTful APIs, AWS, and Azure, with a strong focus on optimizing systems, solving complex challenges, and enhancing user experiences. Passionate about innovation, cutting-edge technology, and delivering exceptional results in every project.

## EDUCATION

Reykjavik University

Apr 2018 – Sep 2021

Bachelor's Degree, Computer Science  
Reykjavík, Iceland

## EXPERIENCE

Software Developer | TekRevol  
Houston, TX USA (Remote)

Sep 2022 – Dec 2024

- Developed blockchain-integrated mobile apps with wallet connectivity and real-time features.
- Optimized backend systems to enhance app scalability and stability.
- Implemented gamification and refined UI/UX for improved user engagement.
- Collaborated with teams to deliver high-quality, client-focused solutions.

Full-Stack Developer | Techstate.io  
Reykjavík, Iceland (On-Site)

May 2021 – Aug 2022

- Built modular systems for logistics and inventory management with real-time tracking.
- Designed user-friendly e-commerce platforms with seamless functionality.
- Optimized system architecture and implemented scalable, cloud-based solutions.
- Delivered tailored software to streamline client operations efficiently.

## SKILLS
